

NYU Public Health Career Fair 2011 - Participating Organizations, as of 11.3.11				
	Organization Name	Website	Overview	Position Types
1	African Life Center		The mission is to improve health of the community members, to enhance their healthy being, in promoting their physical and mental health, to ensure the total wellness of their family members.	-
2	Albert Einstein College of Medicine	http://www.wocec.org	The Evaluation Center of the HRSA SPNS Women of Color Demonstration Project, at Albert Einstein College of Medicine, is seeking student interns who are hard working and eager to gain behavioral public health research experience. Interns will have the opportunity to learn qualitative data collection, coding, and analysis skills. There may be opportunities to participate in manuscript preparation and to receive other valuable research-related experiences. Although this is an unpaid position, we are open to discussing how this internship could be adapted to meet student interests and credit needs. Internships may lead to other paid and or unpaid research assistant positions if you wish to pursue them.	Internship / practicum

4	Care for the Homeless	http://www.careforthehomeless.org/	<p>In 1984, the Robert Wood Johnson Foundation and Pew Charitable Trusts, together with the U.S. Conference of Mayors, established the National Health Care for the Homeless program. A group of New York City homeless service providers and advocates met to respond to the proposal to provide health and social services to homeless people.</p> <p>Mission Statement Care for the Homeless of New York City responds to the devastating effects of homelessness in New York City both by ensuring a wide array of high-quality support services to homeless children, women, and men, and by helping to improve the policies and programs affecting them. Care for the Homeless places at the core of our work the ultimate goal of eliminating homelessness within our city and country.</p>	-

5	Caribbean Women's Health Association	http://www.cwha.org	<p>The Infant Mortality Reduction Initiative was developed to combat the disproportionately high rates of infant mortality in New York City. Caribbean Women's Health Association is a regional coordinating body of the Infant Mortality Reduction Initiative (IMRI) funded by the New York City Council. Through IMRI, CWAH coordinates city-wide efforts to improve the health of pregnant and postpartum immigrant women through research, conferences, trainings, and technical assistance for community providers. The agency is seeking a graduate intern to assist with program implementation for the spring semester.</p>	Internship / practicum
6	Center for Health, Identity, Behavior & Prevention Studies (CHIBPS)	http://www.chibps.org	<p>The Center for Health, Identity, Behavior & Prevention Studies (CHIBPS) conducts cutting-edge behavioral research in the synergistic areas of HIV/AIDS, drug abuse, and mental health. We situate ourselves at the hyphen of theory-practice and conduct research informed by mixed methodologies with and for the communities affected by these forces. Our work is centered on the biopsychosocial paradigm, and is informed by health & prevention models, development & counseling theories, as well as public and health policies, with an underlying understanding that our stakeholders hold multiple identities (i.e., sexual orientation, gender, race, ethnicity, culture, and, socioeconomic status).</p>	Internship / practicum

7	Children's Hospital at Montefiore	http://www.childrenshealthfund.org/child-health-care/national-programs-by-project/new-york	<p>Community Pediatric Programs (CPP), a partnership between the Children's Health Fund and the Children's Hospital at Montefiore, provides comprehensive primary health care via a multi-site mobile medical program serving family homeless shelters and a two-site community health center serving public housing residents. CPP's Starr Center for Preventive Health & Special Initiatives coordinates and supports the development, implementation and evaluation of health interventions targeting the most pressing health issues in our target populations.</p>	Full Time / Job / Temporary
8	Chinese-American Planning Council	www.cpc-ny.org/	<p>Founded in 1965, the Chinese-American Planning Council (CPC) is one of the largest nonprofit providers of educational, social, and community services for Asian Americans in the United States. It now serves over 8,000 people daily through some 70 programs in 32 locations citywide.</p> <p>CPC's Community Services Division houses CPC's community-based social service programs – including the Multi Social Services Center, the Asian Family Services, the Asian Child Care Resource and Referral program, Early Intervention program, the HIV/AIDS Services, and Project C.O.P.E. In addition, CPC's Workforce Development Division, and a component of its Youth Services Division, are located at the Community.</p>	Internship / practicum, Fellowship, Volunteer
9	Federal Emergency Management Agency (FEMA)	http://www.fema.gov/	<p>FEMA's mission is to support our citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from, and mitigate all hazards.</p>	-

10	Global Business Coalition on HIV/AIDS, TB and Malaria (GBC)	www.gbchealth.org/	<p>GBCHealth serves as a hub for private sector engagement on the world's most pressing global health issues. Since 2001, GBCHealth has worked with hundreds of members -- individually and in partnership with one other -- to tackle the challenges of HIV/AIDS, Tuberculosis, Malaria, Diabetes and other health issues facing the workplace and communities where business is conducted.</p> <p>Created by an initial coalition of 17 visionary companies under founding President and CEO Richard C. Holbrooke, GBCHealth was the "Global Business Coalition in HIV/AIDS, Tuberculosis and Malaria" until June 2011. It was renamed GBCHealth in recognition of an expanding array of health areas in which business has the potential to play a critical role.</p>	-
11	Health Equity Initiative	http://www.healthequityinitiative.org	<p>Health Equity Initiative (HEI) is a non-profit organization dedicated to building community, capacity and communication resources for health equity through research, community engagement, and counseling/training.</p>	Internship / practicum

12	HealthCorps	http://www.healthcorps.org	<p>HealthCorps® (www.healthcorps.org), a proactive health movement founded by heart surgeon and Emmy Award-winning talk show host Dr. Mehmet Oz, is fighting the obesity and mental resilience crises by empowering American students and their families to become health agents of change for their communities. A 501 (C) 3, HealthCorps is helping the country reach the tipping point towards wellness now and for the future of our children.</p> <p>HealthCorps is transforming the educational paradigm one school at a time by addressing the "Whole Child" and activating a student's mind, body and spirit to create a more vital life for themselves and their community. We are introducing young people to their true human nature as well as the natural world.</p>	Full Time
13	HELP/PSI	http://www.projectsamaritan.org/employment/index.html	HELP/PSI Inc. address the needs of people with HIV/AIDS and substance abuse issues. There are six locations in three boroughs (the Bronx, Brooklyn and Queens). Our team of professionals assists clients with almost every issue brought to our doorsteps. Thousands have achieved a healthier and happier life in partnership with PSI.	Full Time Internship / practicum Job Part Time Temporary Volunteer
14	Latino Commission on AIDS	www.latinoaids.org	The Latino Commission on AIDS is a nonprofit membership organization based in New York dedicated to improving and expanding AIDS prevention, research, treatment and other services to the Latino community through organizing, education, model program development, capacity building and training. The Commission's public health model encompasses five core and complementary services provided to Latino communities: health education, HIV prevention, capacity building, advocacy, and health behavioral research.	Internship / practicum and Jobs

15	Multiple Sclerosis Society, Education and Hispanic Outreach	http://www.msnyc.org	<p>The New York City - Southern New York Chapter of the National MS Society is committed to helping the thousands of residents in New York City and Westchester, Putnam, Rockland, Orange and Sullivan Counties who are impacted by MS continue moving their lives forward. The chapter provides hundreds of comprehensive support services and educational programs to people living with MS, their family and friends, and raises funds locally to support the National MS Society's critical research initiatives.</p>	<p>Full Time Internship / practicum Job Part Time Temporary Volunteer</p>
16	New York-Presbyterian Hospital, Ambulatory Care Network	http://nyp.org/services/amb-care-network.html	<p>The Healthy Schools, Healthy Families (HSHF) is a coordinated school health program for medically underserved children in New York City, and is comprised of over fifteen community-based, local government, public, and private partners in conjunction with NewYork-Presbyterian Hospital, Columbia University Community Pediatrics and Weill Cornell Medical College. HSHF began in PS 128M in 1999 and in 2004 expanded to four schools in Washington Heights (PS 4, 132, and 152) and West Harlem (PS/IS 180), adding two East Harlem schools (PS 102 and PS 206) in 2005. HSHF serves some 5,000 children and their families, as well as the staff and community of the seven elementary schools.</p>	-

17	<p>NYC Department of Health & Mental Hygiene</p>	<p>http://www.nyc.gov/health/hrtp</p>	<p>The Health Research Training Program (H RTP) of the New York City Department of Health and Mental Hygiene (DOHMH) is one of the oldest and largest public health traineeships in the country!</p> <p>For more than 50 years, H RTP has provided the opportunity for undergraduate, graduate and professional school students to experience some of the "real life" challenges of public health. By working on current relevant public health issues under the close supervision and mentorship of experienced professionals, students apply classroom learning to practical problems in a closely matched practicum and, in the process, learn critical skills needed to excel in the field.</p>	-
18	<p>NYC Department of Health & Mental Hygiene Nutrition Strategy Program</p>		<p>The Nutrition Strategy Program at the New York City Department of Health seeks to reduce and prevent chronic disease in New York City through food policy and nutrition approaches that address the risk factors underlying much of chronic disease. The Nutrition Strategy Program has developed innovative nutrition policies, including the trans fat regulation, food procurement standards for all city agencies, and the National Salt Reduction Initiative</p>	-
19	<p>NYU Health Promotion Office</p>	<p>http://www.nyu.edu/shc/promotion/</p>	<p>NYU Health Promotion Office</p>	
20	<p>NYU School of Medicine, Dept of Emergency</p>	<p>http://emergency.med.nyu.edu/</p>	<p>The mission of the Department of Emergency Medicine is to achieve excellence as a local, national and international leader in the field of emergency medicine. We have made a commitment to accomplish this mission by integrating research, teaching and patient care into public service, jointly with the NYU School of Medicine.</p>	<p>Job / Full Time and Off-campus and Volunteer</p>

21	NYU School of Medicine, Dept of Pediatrics	http://pediatrics.med.nyu.edu/	NYU Langone Medical Center / Bellevue Hospital Center Clinical Research in the Department of Pediatrics focusing on health literacy and it's affects on childhood obesity, asthma, medication adherence, and ER medication adherence. Through their internship experience at CSAAH, students will be involved in the Center's current projects or student-initiated projects, students will have the opportunity to develop skills such as survey design, data collection and analysis, and asset mapping which they can apply through activities such as community health needs assessments and windshield tours. They will also have opportunities to network with other health professionals and learn about the various opportunities that one can have in the health field.	Volunteer
23	Peace Corps Recruiter, NYU Wasserman Center for Career Development		Peace Corps service is a life-defining leadership experience. Thousands of new Volunteer jobs are available for 2011 and beyond. Peace Corps Volunteers live, learn, and work with a community overseas for 27 months, providing technical assistance We are looking for applicants with a variety of skills and are actively recruiting to reflect the diversity of America. The well-being of a community begins with basics such as access to clean water, nutrition, and preventive health measures. Peace Corps Volunteers encourage community members to adopt healthy behaviors and raise awareness about public health issues such as HIV/AIDS, malaria, maternal and child services, nutrition, and hygiene education. As promoters of health education and awareness volunteers are not medical providers.	Internship / practicum

24	Shorefront YM-YWHA of Brighton-Manhattan Beach	http://www.shorefronty.org	<p>Social Services and Community Resources at the Shorefront Y provide valuable and accessible programs to the members of our community.</p> <p>We help individuals and families navigate the social service system, assist with crisis intervention and inform clients about the community and government resources that are available to them.</p> <p>Our goal is to build strong families and community by promoting health and safety, preventing crises and easing the transition into American society.</p>	Full Time, Part Time Jobs
25	Shree Bidada Sarvodaya Trust	http://www.bidada.com	<p>The Shree Bidada Sarvodaya Trust (Trust) located in Bidada, is a Non-Profit charitable organization established in 1974. Its mission is to provide health care services to the people of rural Kutch, who have no access to care and have no resources. "Sarvodaya" means "for the upliftment of everyone". It is in this spirit, that the Trust has served more than four million people over the last 37 years.</p> <p>In addition to ongoing medical services, the Trust organizes a three-week medical, surgical, ophthalmic, dental, and pediatric camp in Bidada every January. This camp has provided care to over 25,000 patients per year for the last 37 years.</p>	Internship / practicum and On-campus and Part Time

26	UNICEF	www.unicef.org/	<p>Improving the health of children is one responsibility among many in the fight against poverty. Healthy children become healthy adults: people who create better lives for themselves, their communities and their countries.</p> <p>Improving the health of the world's children is a core UNICEF objective. Since our founding, we have made significant progress in immunization, oral rehydration to save the lives of infants with severe diarrhoea, promoting and protecting breastfeeding, fighting HIV/AIDS, micronutrient supplementation and health education.</p> <p>We have an extensive global health presence, and strong partnerships with governments and non-governmental organizations at national and community levels. On a daily basis we work to bring practical solutions to the women and children at greatest risk.</p>	Internship / practicum
